## THE LAW UPHOLD.

The United States Court has held that the check by a Bank when there are not sufficient funds of the credit of the person to pay it, is a misapplication of the funds of the bank, and is a violation of law. The Treasury Department at Washington—under which all National Banks operate—has made a rule, forbidding any Bank to pay the check of a person, unless such person had sufficient funds to his credit in the bank, and ordered the Directors of each National Bank in the United States to pass a resolution forbidding any officer in charge of the Bank to pay any check, unless such person had money on deposit in the bank to pay the check. The First National Bank in compliance with this rule of the National Banking department, made such an order, and its customers.

The officers of the Bank desire to thank their friends and customers for the splendid manner in which they have come to assist the Bank in carrying out the law.

We feel that we have the best set of depositors of any Bank in the Country. This Bank is the only "Honor Roll" National Bank in all Southeastern Kentucky. It has been so because of its careful and prompt service in the doing of business, and because we have run the bank according to law. The failure of every bank is directly traceable to the officers and persons in charge of the Bank, disregarding the laws laid down by the Government for the control and operation of banks. These laws and regulations promulgated by the Department of the United States are based upon years of experience and practical observation, and are made primarily for the protection of the depositors and every Bank should live up to them, and insure the deposits in the said Bank. It is wrong to pay a check out of another man's deposits. That is the effect of paying overdrafts.

Many of the large National Banks of the Country have cut out the overdrafts years ago, and are now generally regarded by experienced Bankers that the absence of overdrafts is an evidence of loose banking methods and a violation of the Banking Laws. We might say here that we have adopted this rule, scarcely a person has attempted to overdraw our account, and our customers are standing by us nobly. I desire to express to them our appreciation and thanks. We have grown to be the largest Bank in Knox County. We want to give helpful assistance to our customers whenever we can do so. At the time we want our friends to help us to comply with the law that we may continue to be a "Roll of Honor Bank." At all times feel that your money is absolutely safe in the First National Bank in a sense a public institution and should be so. That every person could feel and know that his money is safe. We desire again to thank our friends for their confidence and trust that you will continue to help us to maintain the standard of the First National. Safety first, last and best with helpful assistance to our customers, is our motto.

We invite you to open an account with the First National Bank.

#### J. M. CARNES WILL NOT RUN

To the voters of Knox County, and to my many friends who expected me to be a candidate for Clerk of the Knox Circuit Court this coming primary August 7th 1915: I wish to say I will not enter this race as a number of my good friends think I ought to wait and run for Sheriff at the next regular Primary.

By request of my many friends of this county I will be a candidate for the County Republican nomination for Sheriff at the next regular Primary election held for county officers. Trusting you remember me and ask your neighbor to do the same.

I have faith to believe that the voters of this county will give me the nomination by a larger majority than any man has ever before received for a nomination to any office in this county.

Thanking you for your support and influence in the past, I will appreciate and thank you in advance for any assistance you may give me in the future.

You will find the boy the same today, tomorrow and forever,  
J. M. Carnes.

"The Stratford" is an excellent program that will small turn out. The promoters of the event certainly deserve credit for bringing our people the very best of attractions to be secured in our class, and the amount should be about 1000, that is if we don't have said promoters "Tangle."

A card from J. Alex. Golden and Jas. Golden, who are school in Ann Arbor, Mich., that they wish their friends to come home to hear the candidates up their game of talk and to hand in the furtherance of good roads, they also wish to vote them good and the bond issue.

A heavy cold in the nose was expected to cure the disease that ended in a sensible course is to take doses of BALLARD'S PINK HOUND SYRUP. It checks the progress of the disorder and nature to restore normal conditions. Price 25c, 50c and \$1. Sold by Frank Hawn, this city—Advt.

## Kentucky Carlsbad Springs

Something That Kentucky Carlsbad Water Will Do That No Other Water Ever Discovered Has Done

It is the albumin out of your water in three days, and we are curing all cases of diabetes that drink the water. We will give relief to the most severe cases of kidney trouble in one day, and will absolutely cure any case in ten days. Stomach trouble will be relieved in twelve hours, and we will guarantee to cure any case in ten days if it hasn't become cancerous. Bladder trouble of any kind will be cured in ten days. It will cure any old sore by bathing in it for two or three days. We guarantee it to cure any case of catarrh of the head or bowels in ten days. If you drink this water for ten days you will be absolutely free from constipation or any engine trouble, as it positively will restore every internal organ of the body in ten days. If it doesn't the treatment won't cost you anything.

You can get the same results, if it is not convenient for you to come to the Springs, right at your home, as we ship the water with full directions, excepting rheumatic cases; they must come to Springs to get well. Be sure to write for our free booklet.

## HOW ABOUT THIS

To the Hon. T. J. Asher, Judge Bell County Court:

WE, the undersigned citizens of Pineville and Bell County hereby petition your Honor, that one Dr. P. C. Ellis, is now and has been successfully treating the disease known as pellegra, and has brought some miraculous cures after other medical men have given up the case. To-wit: Mrs. Foughton, daughter of Mr. George Shorter, and we ask your Honor to use your power to prevent him from being arrested for treating patients for said disease, or having him run from out our community.

Given under our hands this 18th day of February, 1915.

Bell County Voters  
What Will Knox Do?

In the election of the County on the 18th, it was called to the bond test to show that Bell County voters will we do? what will we do?

If the people of Knox County will only vote for the bond issue, they will vote for the bond issue. If the people of Knox County will only vote for the bond issue, they will vote for the bond issue. If the people of Knox County will only vote for the bond issue, they will vote for the bond issue.

Much has been said and done. We are to pay this money. That is as easy as to count those we spend \$10,000,000 every year here in Knox County. We are in a mud hole, and we need to get out of it.

If we vote for the bond issue, we will have to pay \$10,000,000 of it back to us. We will have to pay \$10,000,000 of it back to us. We will have to pay \$10,000,000 of it back to us.

Some has it that the County will not be built only one road. The County: this is incorrect. The roads must be built in the County. The County: this is incorrect. The roads must be built in the County.

At the rate that the County can be built per mile, we have made all these connections. We will have \$10,000,000 to build roads to these points. We will have \$10,000,000 to build roads to these points.

Again, we will have \$10,000,000 to make more roads. The State will again put in \$10,000,000 for every one of these roads. We will have \$10,000,000 to make more roads.

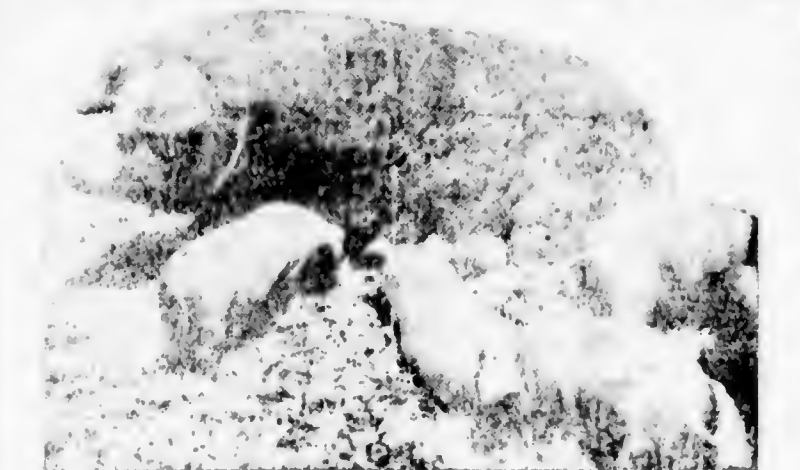

Beside all these things, we will have \$10,000,000 to make more roads. We will have \$10,000,000 to make more roads. We will have \$10,000,000 to make more roads.

To all persons having claims against the County are hereby informed that the County has made arrangements with the Clerk, paying his fees for issuing year claims, so you will not have to pay the Clerk 30 cents for issuing any more claims.

CHANCE TO MAKE KENTUCKY  
GREATEST HOG RAISING STATE

10,000 Hogs Fattened From Slops and Distillers' Dried Grains in Daviess County Alone Last Year

Officially Tested Out  
The following table shows the results of the official testing of the hogs raised in Daviess County last year. The hogs were tested out by the State of Kentucky, and the results were as follows:

The many distillers' slops and distillers' dried grains, which are the main food of the hogs, are the main reason for the success of the hogs in Daviess County.

the State Treasury, beginning with the year 1915, whether we vote the bonds or not and for the purpose of building roads in other counties of the State.

8. For what purpose is the money collected from each county in the State?

Ans. It is to create a fund in the State to pay off one-half of the bonds issued by other counties for road purposes.

9. What roads are to be constructed?

Ans. Section 1 of the road law provides that there be first constructed four roads, leading from the County Seat by the most practical and direct route to the county seats of adjoining counties, that is, from the County Seat, and extend to Whitley County on the Southwest, to Clay County on the Northeast, to Laurel County on the Southeast, and to Bell County on the South, and after these four roads are constructed, then such other roads as the Board of Commissioners may designate and be approved by the State Road Commission, and so as to distribute the benefits of the road law to all parts of the County. (Section 1 and 2 of the Road Law, 1915.)

10. Has the so-called "Boone War" anything to do with this road law or this bond issue?

Ans. NO.

11. If we vote the bond issue of \$100,000, will it in any way increase the amount of taxes that we have to pay hereafter?

Ans. It will not.

12. Why should Knox County vote for these bonds?

Ans. In our opinion we cannot build roads without voting these bonds. The State pays one-half of the cost and the County pays the other half. This is the most economical way to raise money to construct the roads. The tax for the poll and the property tax cannot exceed \$1.50 on the \$100.00 and 50c on the \$100.00 for the property. We have been paying a poll tax and property tax and throwing it into the State Treasury, and receiving no lasting benefit from it. This money will be used for the County and be spent here. It will be of untold benefit to our Schools, our Churches, and to every form of activity in Knox County. It will place us on the road to progress, development and prosperity.
